UNITED STATES DISTRICT COURT

NORTHERN DISTRICT OF ILLINOIS, EASTERN DIVISION

IN RE: STERICYCLE, INC., STERI-SAFE  
CONTRACT LITIGATION

No. 1:13-cv-05795

MDL No. 2455

Judge Robert W. Gettleman

**DECLARATION OF SHANDARESE GARR**

I, Shandarese Garr, declare under penalty of perjury under the laws of the United States as follows:

1. I am the Senior Vice President, Communications of Garden City Group, LLC (“GCG”). The following statements are based on my personal knowledge and information provided by other experienced GCG employees working under my supervision, and if called on to do so, I could and would testify competently thereto.

2. As outlined in my declaration dated January 4, 2018, GCG was appointed by the Court as the Class Action Settlement Administrator (“Settlement Administrator”) in the above-referenced litigation. GCG’s duties as Settlement Administrator include, among other things, collecting and tracking requests for exclusion submitted by Class Members. I submit this Declaration to provide the Court and Parties with information relating to exclusions submitted to GCG by Class Members.

**EXCLUSIONS**

3. Pursuant to Paragraph 38 of the Preliminary Approval Order (the “Order”), Class Members who wished to exclude themselves from the settlement were required to submit a written request for exclusion made by mail, postmarked by January 22, 2018, to the Settlement Administrator. As of February 14, 2018, GCG has received 1,312 timely requests for exclusion,

of which 467 could not be definitively matched to a Class Member record. A total of 545 of the 1,312 timely exclusions did not include individual authorizations, but were rather additional locations or related entities accompanying signed exclusion requests.

4. Many of the requests for exclusion were submitted by outside counsel on behalf of their clients. A few law firms accounted for a large portion of the exclusion requests GCG received. Out of the requests for exclusion received, 830 were submitted by the law firm Meyers & Flowers LLC, 27 were submitted by the law firm of Burr Forman LLP, and 388 were submitted by the law firm of Beck Redden LLP on behalf of their clients. A total of 396 of the 1,312 timely requests for exclusion, including all of those submitted by Beck Redden LLP, were signed by Counsel rather than their Class Member clients.

5. A list of the entities that have requested timely exclusion from the settlement, were individually signed as required by the Class Member, and could be affirmatively matched to the Class Data is attached hereto as **Exhibit A**. A list of entities that have requested exclusion from the settlement and could not be affirmatively matched to the Class Data, and/or did not include individual authorizations for each location or entity, and/or were not signed by the Class Member is attached hereto as **Exhibit B**. GCG has received 9 late requests for exclusion that were postmarked after the January 22, 2018 deadline and that list is attached hereto as **Exhibit C**.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.

Executed on February 15, 2018, in Lake Success, New York.
